NIGERIA'S STRUGGLE

In Nigeria, 1 in 4 girls lack access to proper menstrual care.

Many use rags, tissue unsafe materials.

It's painful,
It's unhygienic,
It's dangerous.

BEYOND HYGIENE

It's more than lack of pads.
It's loss of self-esteem,
It's isolation,
It's the fear of being stained
teased and ashamed.

Every girl deserves dignity.

EDUCATION AT RISK

When girls miss school
every month:

They fall behind
Some drop out completely
Dream fades
Confidence dies.

05

DANGEROUS ALTERNATIVES

Somes girls, desperate for pads seeks help from unsafe sources (people who exploits their vulnerability for sexual favours or manipulation)

Period poverty fuels sexual abuse & exploitation.
